Dear Ms. Salas,

I am concerned about the proposal to allow Broadwater to bring in a gas terminal to the LI Sound. HAVE WE NOT BEEN LISTENING TO THE SECURITY PROBLEMS IN BOSTON? When there are other alternatives, it is complete lunacy to even consider limiting public access to OUR waterways let alone set a DANGEROUS PRECEDENT!! This just gives us another place to guard and protect from terrorism. Why don't we fill the sound with gas and oil terminals??? Shell, TransCanada, and LNG don't care about our environment.....BUT YOU SHOULD!! Please explore any every other viable option that the one proposed!

Sincerely,

Jean Dougherty
